

## **Institution Outcome Rates**

The institutional outcomes such as Completion, Licensure, and Placement rates will enable you to make a good decision on whether to enroll in one of our programs or not. This information was submitted on our 2024 annual report to the National Accrediting Commission of Career Arts & Sciences (NACCAS) and is listed below:

### **Licensure Rate**

Licensure rate is a calculation of the number of students that have completed the required Course hours, graduated, and successfully passed all the Alabama State Board of Cosmetology exams. Winonah had an overall 95% licensure rate for both day and night Cosmetology programs for the year 2024. Winonah School of Cosmetology supports its students until they are completely ready to take the State Board exams. We along with our students work hard to maintain a high licensure rate.

### **Graduation Rate**

Many students enroll at Winonah every year at Winonah. Some for assorted reasons are unable to complete the program and graduate. Winonah had a 74.68% graduation rate for the year 2024. Graduation rate is the ratio of the total students who graduated from a course to the total number of students enrolled in a course.

### **Placement Rate**

Winonah Stays in touch with its graduates making sure they are employed in the field or related field for which they were trained at Winonah not counting those unavailable for placement due to one of the following reasons: continuing education, health-related issues (including death), military obligations and/or incarceration. Winonah had a 77.97% placement rate for year 2024.
